

Successful Plant Modelling and Phenotyping for the Nordic Countries – What is Needed

3rd NordPlant annual meeting, 25-26 November, 2021

Venue: Tromsø, Norway

Last updated: 2021-04-29

Information and registration at https://www.nordplant.org/2021/04/29/third-nordplant-annual-meeting-successful-plant-modelling-and-phenotyping-for-the-nordic-countries-what-is-needed-tromso-25-26-november-2021/		Venue: Tromsø, Norway
Time	Activity	Speaker
22-24 November	Course: Novel Imaging Methods in Plant Stress Research	
	Wednesday 24 November	
15:00-18:00	Meeting of the NordPlant common data standards group	
	Thursday 25 November	
9:00-12:00	NordPlant facility managers' forum, including study visit	
12:00	Lunch and registration	
	Theme 1: What is needed for a strong Nordic phenotyping community	
13:00-13:10	Welcome	Erik Alexandersson, coordinator NordPlant/SLU
13:10-13:40	Keynote 1 - TBA	TBA
13:40-14:00	New Norwegian Phenotyping Initiative	Katja Karppinen/Markku Keinänen
14:00-14:20	TBA	TBA
14:30-15:00	Coffee	
15:00-15:30	Plant phenotyping – the return of plant physiology? Are we missing something?	Eva Rosenquist, UCPH
15:30-15:55	Implementing an ontology-driven information system to enable/support/("push forward") a joint data standard for Plant Phenotyping in the Nordic countries	Jesper Cairo Westergaard, UCPH; Tatu Polvinen, UHEL
16.00-16.45	Panel discussion TBA	TBA
16:45-17:00	PhD/post doc presentation #1	TBA

17:00-17:15	PhD/post doc presentation #2	TBA
17:15-18:30	Poster session with snacks	
19.00	Dinner	
	Friday 26 November	
	Theme 2: Phenotyping and modelling in the Nordic countries	
9:00-9:40	Influence of Arctic light conditions on crop production and quality	Jørgen A. B. Mølmann, NIBIO
9:40-10:15	TBA	David Percival, Dalhousie University, Canada
10:15-10:45	Arctic biology - Nibio	TBA
10:45-11:00	PhD/post doc presentation #3	TBA
11:00-	Site visit - TBA	
13:00-15:00	Internal NordPlant steering committee meeting	Internal
